President's Message

Let me first say thanks for the confidence you have placed in me to elect me President for the year 2010 – 2011. I must also say congratulations to the elected officers. I am sure we will make a wonderful team to lead us through the year ahead.

The year 2009 – 2010 was a challenging one but we had great achievements: The club grew in membership; we had great educational programs and workshops that included youth and adults; interesting field trips; high scoring inter and intra club competitions; members covering quite a few community projects, for example; Friend of Roy

Wilkins Family day, the SQPA Art Show, Global Village Celebration, SQPA fundraiser and others. I would be remiss if I did not say thanks to the hard working committees that made this year a success.

The club takes a break in July and August. We will resume in September. We look forward to a wonderful and exciting year. I hope you will have a great summer. Whatever you do, just remember to SHOOT, SHOOT, SHOOT and. PRACTICE, PRACTICE, PRACTICE

The Memorial Day Holiday weekend was great. Ten members of your camera club spent Saturday at the Bethpage Jones Beach Air show. There was a record number of people of all ages present. Leonard was the Team Captain for this trip and he did a fantastic job. We got out there at about 8:30 am, and the place was already crowded and the people kept coming. In spite of the large crowd, we were still able to get very good shooting locations. The weather was not great, but ok. It was cool, windy and with an overcast. The show, as usual, was fantastic. What those guys can do with an airplane will challenge your imagination. Thanks Leonard for a job well done! And congratulations to our members who are utilizing these field trips to improve their photographic skills.

9 CLUB MEMBERS HEADED TO GREEN CHIMNEYS FOR BIRDS OF PREY DAY

I interviewed several members of the SEOCC on their trip to Brewster. This is what a few of them had to say:

Leonard says: "We went to Brewster, which is about 65 miles from Roy Wilkens Park. The trip was quite a smooth ride, no traffic. We traveled in a convoy of three cars. At the location there was ample parking. The weather forecast was for thunderstorms, how was that? The day was beautiful when we left Roy Wilkens. It was cloudy for most of the time we were there. We left Brewster at approximately 3 p.m. At that time the cloud thickened but still no rain. Oh wow. There were many birds on perches all around the fair ground. Owls, Hawks, Eagles and Vultures were within three feet available for shots. I got some good shots of the Bald Eagle, Speckled Owl, Golden Eagle and the Red Tailed Hawk. I would recommend this fair to anyone who had problems shooting these raptors. I almost forgot the fox. Also, I took my daughters, Katrina and Kiyana. They had a great time petting the animals. Hawks, snakes, monitors, goats and a skunk. There were many activities for kids, such as pony rides, hayrides and trampolines. Leonard's daughter, Katrina took the photo to the right.

Ralph stated that today we had an enjoyable ride to Brewster, New York to experience the Birds of Prey. He learned and photograph. The most enjoyable part was watching the hawks. Harriet commented that it was very interesting and a good photo opportunity, even for beginners, because everything was up close and comfortable.
