The Color Brown

Thursday, November 16, 2023 to Tuesday, December 16, 2025

Brown Can Provide Warmth and Coziness.

The color brown has many attributes. In an artist's skillful hands the color can be used to create a mysterious mood, bring a warm sustaining glow, soothe our frazzled nerves, provide a rich deep background for other colors to shine forth, or remind us about what we love about the colors of nature, earth, a furry beloved animal"

Jean Bain - "It is the color of nature in the late fall, winter, and early spring"

Doris King

"It is my connection to home. .. family.... a warming brownie ... delicious, plain addictive and a wonderful mood booster!"

Renee Y. Harper - The color Brown reveals comfort in earth, and the color of my beautiful people with their beautiful skin tones."

Carlton Johnson - "It is everywhere, capturing it to make it interesting was a challenge."

Dotti Anita Taylor

"It was the warmth of their color, the light dancing on them and the design of the setting that led me taking these planters."

John Mayes

" Brown Leaves symbolize nature, autumn, life and death."

Corona Johnson

"Finding shadows in reddish brown variations while strolling through Astoria Park."

Nyree Cyrus Williams

" I thought of the color brown and how it relates to skin color."
